Created by a Physician for Physicians...

> As a physician, I created Simplicity to remove the "for profit insurance" element and allow even small employers to become Self-Funded. Now all stakeholders interests are aligned. You have my word on it!
>
> ~ Gregory J. Hummer, M.D.

Dear Medical Provider:

I have a Consumer Directed Health Plan (CDHP). As a consumer, I am accountable for my medical bills and pay the plan allowed amount from my Health Savings Account via QuickPayNet (QPN) partner. After my deductible, my self-funded employer pays the plan allowed amount through QPN. Entering your claim via the secure QPN Internet portal saves all of us money. When you accept the offered reimbursement amount you will get paid within 3 - 5 business days direct to your bank account without incurring any debit card fees - no need to file claim forms or send needless bills.

This brochure shows you how to get started. For assistance, contact Simplicity Health Plans at 877.747.1113 press 2 then 3. IF NEED BE - WHILE YOU'RE ON THE PHONE - WE WILL PUT YOUR CLAIM IN VIA THE INTERNET FOR YOU, SO THAT YOU CAN GET PAID FAST. Thank You.

One Card Saves Time

Rapid payment on eligible claims is made possible by bill entry at the point of service. Just accept the Simplicity allowed amount.

One Card Saves Paperwork

Internet-based technology replaces the wasteful system of multiple bills, notices, and the mountainous piles of unnecessary and outmoded paper.

Here's How It Works...

Simply secure.

- Internet-based, secure encrypted transactions just like a bank

- Two built-in Point-of-Service Security Features to protect all at-stake holders:
    - Registered Members' online security photos
    - Secure PIN numbers
    - Protect yourself against piggyback fraud (occurs when a non-qualified person is presented as a qualified Member or Member dependent) by confirming identity online BEFORE service or treatment by entering the Patient ID and Company ID numbers

Simply better.

- Invoice and receive direct-deposit payments without fees

- Paperless transactions - no more claim forms! (NOTE: All claims must be submitted through the Web; any sent through the mail will be processed in a "traditional way"

Simply faster.

- Innovative transactional network lets you file an invoice in less than 45 seconds

- Electronically processes, clinically edits, reprices the bill, and draws down funds necessary from Employer and or Member HSA Accounts

- Instantly adjudicates and pays plan-eligible claims, even claims within the Member's deductible

- Invoices paid and securely to the bank account you designate

- No more rejection for "insufficient funds"; no more past-due notices; no more collections; no more Merchant charges associated with debit/credit cards

It's Simple to Start:

How to Register Your Account

To use Simplicity Health Plans' online billing partner, QuickPayNet's payment transaction system, you must register your practice as either a group or as an individual provider/vendor one time only. Please follow these steps to register properly:

1 Connect to the Internet address: www.SimplicityHealthPlans.com

2 Click "Register Now" on the Provider box. You will then see Simplicity's Provider Registration Menu. Our portal software is named QuickPayNet™.

3 Fill in your basic registration information and write down the User ID, Password, and PIN number you assign yourself. Keep these numbers in a safe place for future reference. We have provided space on the back page of this brochure for you to write down your security information. The security information that you elect for yourself will be the same information used for billing all of your Simplicity Heath Plan's Members.

4 After you enter all the information, click "Submit Form." You will be directed to the main Simplicity home page. Now sign on with your new User ID and Password.

5 Then, click on "Enter/Update Practice Information." The first screen is "Practice and Pay To" information requiring your (FEIN) Federal ID number, a valid email address, your NPI number and the secure data pertaining to direct deposits; that is, your bank account number and bank routing number.

6 Also fill in the subsequent pages, "Provider Locations" and "Individual Provider Information." This confidential registry information must be entered ONLY ONCE. It is then encrypted and kept secure for future transactions. You can update your confidential data any time through the Provider portal.

7 When all your information is entered, click "Finish." You will be directed back to the Provider Main Menu.

8 You are now ready to enter a bill! Simply click on "Enter Bill" and you will be directed to the appropriate page. In the future, use this shortcut: Sign in on the Main Simplicity Home Page. Enter your User ID and password, and check the box "Provider Direct to QPN to Enter Bill." You will be taken directly to the QPN "Enter Bill screen. You should be able to enter your bill in 45 seconds or less. Sign up today!
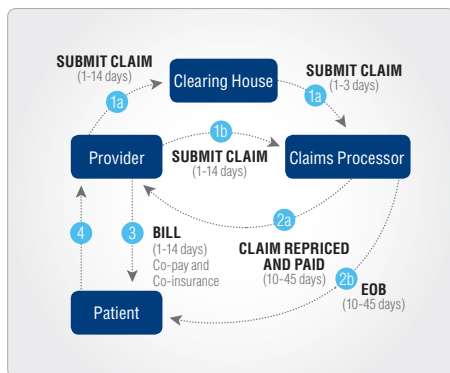

Before you begin. . .

Please gather the following items and have them ready:
- NPI #
- Medicare # (if facility or hospital)
- Social Security # (if solo practitioner)
- Location information (multiple locations can and should be entered)
- "Pay to" name/address/Federal Tax I.D. # (FEIN)
- Banking Routing Number
- Bank Account Number
- Valid email address
- ALL applicable Provider License Numbers

All Data Encrypted & Secure

We'll Even Enter Your First Claim For You!
